ACAD-DI-59	One Page Activity Report	Academic Year: 2023-24
Rev : 00		Semester: ODD
Date: 11-7-2022		

Date:- 01/09/2023

- **Name of Activity: IMPORTANCE OF SOFT SKILLS**
- **Date of activity: 01 Sept. 2023**
- **Name and contact details of resource person:**
Prof. Hemant Sonawane-9604026525
- **Name of Faculty coordinator:** Prof. Tejaswini Nehe
- **Activity Details (with photos):**

A guest lecture was organized on 01 Sept. 2023 at Atma Malik Institute of Technology and Research, by the Department of Engineering sciences and Humanities about the importance of soft skills and a short training session on soft skills was conducted for first year Engineering students. Prof. Hemant Sonawane was the speaker for the session. His expertise lies in the field of designing and delivering communication, image and soft skills programs. The training methodology is tailored to suit different needs and levels to ensure that learning happens in a stimulating and fun filled environment. Prof. Hemant Sonawane's session on soft skills was tailor-made for students and He had the ability to improve their confidence and look credible, by creating a winning image. His sole aim was to design a brand image for the young students and transform them from within. He was successful in recognizing, respecting and nurturing the creative potential of a large number of students and fostering a healthy learning atmosphere. Prof. Hemant Sonawane's core competencies included her flair for connecting with the students, having an interactive session and above all inspiring, training, developing and motivating students. The training session proved that the delight of students is of paramount importance while conducting a session. The entire training session on soft skills dealt with a wide variety of topics such as vocal and verbal communication with specific reference to corporate communication. He asserted that the most appropriate body language for leadership can have an indelible impact on the customers.

ACAD-DI-68	Notice	Academic Year: 2023-24
Rev : 00		Semester: ODD
Date: 11/07/2022		

Date 16/08/2023

All the students of Degree and Diploma Mechanical Engineering are hereby informed that, we have arranged Industrial Expert lecture on **“Motivation and Industrial Awareness”** by **Mrs. Gauravi Burte Founder of GAYO Etech Electrical Solutions, Asangaon and Manufacturing Sector-** (Automatic Spray Painting Both System, system Integrator for Schneider electric, & Waste handling turn key projects) is arranged on **18th August 2023 at 10.30 AM.**

Venue: - Auditorium Hall (Atma Malik Training Center)

Note: - Attendance is compulsory to all students.

ACAD-DI-59	One Page Activity Report	Academic Year: 2023-24
Rev : 00		Semester: ODD
Date: 11-7-2022		

- **Faculty Name** – Prof. Rupali S. Gaikwad
- **Date** – 18/8/2023 Timing 10.30AM-12.00 PM (NO of student 79)
- **Planned Activity** – Industrial Expert Lecture on “Motivation and Industrial Awareness”
- **Permission from Authorities** – Dr. D. D. Shinde (Principal AMRIT)
- **Implementation Details** – Motivation is the process of persuading people to put in their effort to achieve certain objectives. Several factors can motivate employees, including:
 - Job satisfaction
 - Praise and recognition
 - Achievement
 - Monetary gains
- **Issues** – No
- **Conclusion** – The presenter who herself is a source of motivation to students gave encouraging examples from her own life and inspired students to be a self-motivator. She discussed the importance of positive thinking and attitude which brings optimism into life and such constructive changes can make one brighter and more successful. This program helped students to be guided by a positive mind and driven by self-motivation.

Acknowledgement

We very much thankful to Trustee as well as President Sir of Atma Malik Institute of Technology & Research Prof. R. S. Gaikwad for organizing such type of Industrial Expert Lecture.

We are indeed thankful to expert of Founder of **GAYO Etech Electrical Solutions**, **Mrs. Gauravi Burte** who have spared their precious time especially for Students of College and conducted the Session on Industrial Awareness and also thankful to students for taking the interest and attend this seminar.

Department of Mechanical Engineering

Objective:-

The main objective of this seminar is to inculcate the overview of automation and its importance to the students and provide them with a platform to work on in the near future. provided the knowledge of the role of instrumentation in an industry, how to join/apply for job in industry, importance of GATE, NET etc. in various fields, and opportunities for instrumentation engineers in and outside the state/country to the students.

Review:

The review of the seminar that more than 80% students give excellent feedback of the seminar and they are willing to work more and take more interest in this session. We will try to give excellent when this kind of session will arrange in college campus.

Conclusion:

After completion, this Session we conclude that student gets more benefits about this seminar and they are more familiar about the software. In market scenario the extra skills are require for getting good job so that software knowledge is most important factor of industry.

We are very thankful to our Head of Department for such giving a good support as well as We are also special thankful to our President sir and Principal Sir that he was continuously guiding and supporting to us.

We are also thankful the people who gives direct and indirect support to make successful Seminar. The students are very enthusiastic to learn the Design Department and File work and they are ready to do more study in this kind of Seminar.

INTRODUCTION:

Fire safety is the set of practices intended to reduce the destruction caused by fire. Fire safety measures include those that are intended to prevent ignition of an uncontrolled fire, and those that are used to limit the development and effects of a fire after it starts. Fire safety measures include those that are planned during the construction of a building or implemented in structures that are already standing, and those that are taught to occupants of the building. Threats to fire safety are commonly referred to as fire hazards. A fire hazard may include a situation that increases the likelihood of a fire or may impede escape in the event a fire occurs. Fire safety is often a component of building safety. Sir explained many points like the fire triangle, causes of fire, stages of fighting fire, classification of fire, types of fire extinguishers, means of quick escapes and rescues etc.

The staff/employees should have a working knowledge of basic fire science and chemistry. A fire, or combustion, is a chemical reaction. An understanding of the chemical reaction is the basis for preventing fires, as well as extinguishing fires once they initiate. A working knowledge of basic fire science and chemistry is essential for developing and implementing a successful fire safety program.

Department of Mechanical Engineering

If you discover fire; DO NOT PANIC, BE CALM BUT ACT SERIOUSLY

CLASSES OF FIRE:

Fires are classified based upon the type of fuel that is consumed. Fires are classified into categories so personnel can quickly choose appropriate extinguishing agents for the expected fire and associated hazards. Fires are classified into five general classes. Each class is based on the type of fuel and the agents used in extinguishment. The five classes of fire are described next:

Class A—fires involving ordinary combustibles, such as paper, trash, some plastics, wood and cloth. A rule of thumb is if it leaves an ash behind, it is a Class A fire.

Class B—fires involving flammable gases or liquids, such as propane, oil and gasoline.

Class C—fires involving energized electrical components.

Class D—fires involving metal. A rule of thumb is if the name of the metal ends with the letters “um,” it is a Class D fire. Examples of this are aluminium, magnesium, beryllium and sodium. Class D fires rarely occur in the roofing industry.

Class K—fires involving vegetable or animal cooking oils or fats; common in commercial cooking operations using deepfat fryers.

Fire Extinguisher Anatomy

Remember this easy acronym when using an extinguisher - P.A.S.S.

Pull the pin.

Aim the nozzle.

Squeeze the handle.

Sweep side to side at the base of the fire.

!! Sabka Malik Atma !!

Vishwatmak Jangli Maharaj Ashram Trust's

CONCLUSION:

Fire awareness and understanding practical fire safety is a life skill. Being able to recognise fire hazards, deal with emergency scenarios and act in a way that reduces danger and risk can save lives.

We are very thankful to our Head of Department for such giving a good support as well as we are also special thankful to our President sir and Principal Sir that he was continuously guiding and supporting to us.

We are also thankful the people who gives direct and indirect support to make successful Seminar. The students are very enthusiastic to learn the Fire awareness and deal with emergency scenarios and act in a way that reduces danger and risk can save lives.

Thanking Letter

To,

Mr. Dinesh Godade

Fire Officer

Fire Bridged Mumbai,

Respected Sir,

We are gradually thankful for sharing great knowledge for the Diploma & Degree Mechanical Engineering students and staff. We all hope that you will allow us for such kind of other Industrial expert lectures to our students and guide them as well. This will definitely add more knowledge about to our students.

Thank you for allowing & sharing the knowledge and given precious time for us.

With warm regards,

WHAT IS CRM?

CRM is an abbreviation for Customer Relationship Management, which is an information industry term for methodologies, software, and usually Internet capabilities that help an enterprise to manage customer relationships in an organised way. For example, an enterprise might build a database about its customers that described relationships in sufficient detail so that management, salespeople, people providing service, and perhaps the customer directly could access information, match customer needs with product plans and offerings, remind customers of service requirements, know what other products a customer had purchased, and so forth.

Department of Mechanical Engineering

DEFINITIONS OF CRM

“CRM is an integrated cross-functional focus on improving customer retention, maintaining relationships with customers and profitability for the company.” Other definitions could be: “Process of creating and maintaining relationships with business customers or consumers” “A holistic process of identifying, attracting, differentiating and retaining customers” “Integrating the firm’s value chain to create enhanced customer value at every step.

Department of Mechanical Engineering

COMPONENTS OF CRM

Customer: The customer is the only source of the company's present profit and future growth. However, a good customer, who provides more profit with less resource, is always scarce because customers are knowledgeable and competition is fierce.

Relationship: The relationship between a company and its customers involves continuous bidirectional communication and interaction. The relationship can be short term or long term, continuous or discrete, and repeating or one-time. Relationship can be attitudinal or behavioural. Even though customers have a positive attitude towards company and its products, their buying behaviour is highly situational.

Management: CRM is not an activity only within a marketing department. Rather it involves continuous corporate change in culture and processes. The customer information collected is transformed into corporate knowledge that leads to activities that take advantage of the information and of market opportunities. CRM requires a comprehensive change in the organization and its people.

BENEFITS OF CRM

The following are the benefits of adopting CRM processes:

1. Develop better communication channels.
2. Collect customer related data.
3. Create detailed profiles of individual customers.
4. Increased customer satisfaction.
5. Access to customer account history, order information, and customer information at all touch points.
6. Identify new selling opportunities.
7. Increased market share and profit margin.
8. Increased revenues.
9. More effective reach and marketing.
10. Improved customer service and support.
11. Improved response time to customer requests for information.
12. Enhanced customer loyalty.
13. Improved ability to meet customer requirements.
14. Improved quality communication and networking.
15. Reduced costs of buying and using product and services.
16. Better stand against global competition.

OBJECTIVES OF CRM

1. To simplify marketing and sales process.
2. To make call centres more efficient.
3. To provide better customer service.
4. To discover new customers and increase customer revenue.
5. To cross sell products more effectively The CRM processes should fully support the basic steps of customer life cycle.

Thanking Letter

To,

Dr. Nitin Y. Patil

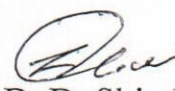

P. G. College of engineering and Technology,

Nandurbar

Respected Sir,

I am thankful to you for sharing your knowledge and wisdom with the Engineering & Diploma students of Atma Malik Institute of Technology and Research, during expert talk on the topic “Customer Relationship Management” on 14th October 2023. I seek your co-operation for delivering a few more lectures and guiding our students on the topics of your expertise in the future, which will definitely be a learning opportunity for our students.

With warm regards,

Dr. D. D. Shinde

Invitation Letter

To,

Dr. Nitin Y. Patil

P. G. College of engineering and Technology,

Nandurbar.

Subject: Invitation as Speaker on the topic "**Customer Relationship Management**"

Dear Sir,

Vishwatmak Jangli Maharaj Ashram Trust's, Atma Malik Institute of Technology and Research is an engineering institute, approved by AICTE New Delhi, recognized by DTE, Maharashtra State & affiliated to University of Mumbai. We offer undergraduate courses in Civil Engineering, Computer Engineering, ExTc Engineering and Mechanical Engineering.

With a view to create awareness amongst our students about the recent technological developments, we invite experts to deliver lectures in our institute.

We would like to invite you as a Speaker to address our students on the topic "**Customer Relationship Management**"

You are requested to convey a convenient date and time.

Thanking You,

Dr. D. D. Shinde

Subject: "The Solar Revolution: Igniting Youth Entrepreneurship and Careers in Sustainable Energy" at Atma Malik Institute of Technology and Research (AMRIT)

Dear College Community,

TUM Be Envirolution, IIT Bombay is thrilled to announce an exciting and informative event, **"The Solar Revolution: Igniting Youth Entrepreneurship and Careers in Sustainable Energy."** This event aims to empower the youth and inspire them to take the lead in the renewable energy revolution.

Webinar Title: "The Solar Revolution: Igniting Youth Entrepreneurship and Careers in Sustainable Energy"

With the growing urgency to address climate change and shift towards sustainable energy solutions, there has never been a more critical time for the younger generation to get involved in the renewable energy sector. "The Solar Revolution" is designed to provide young minds with the knowledge, resources, and inspiration they need to kickstart their careers in sustainable energy or even start their own entrepreneurial ventures.

Date: 16th October 2023

Time: 02:00 PM to 03:00 PM (30 Minutes PPT & 30 Minutes Q&A)

Speaker Details:

- **Name:** Mr. Pratik Joshi
- **Present Pursuit:** Enrolled in the Ph.D. and working in energy policy with a particular focus on solar PV energy at IIT Bombay
- **Research Focus:** His research work involves understanding issues related to the modest deployment of rooftop PV systems in India and identifying policy measures required to accelerate the same.

Venue: Online Link

Key Highlights of the Event:

1. **Expert Speakers:** Hear from industry experts and thought leaders who will share insights into the solar energy industry, its growth potential and the career opportunities it offers.

2. **Interactive Workshops:** Engage in hands-on workshops that will equip you with practical skills and knowledge in solar energy technologies and entrepreneurship.
3. **Networking Opportunities:** Connect with like-minded individuals, potential mentors, and employers in the renewable energy field.
4. **Career Guidance:** Get guidance on educational pathways, scholarships, and internships in the sustainable energy sector.
5. **Startup Pitch Competition:** Have a sustainable energy business idea? Participate in our pitch competition for a chance to win seed funding and mentorship.

Crucial Reminder: In order to obtain the certificate, please ensure you adhere to the following requirements:

1. Maintain your presence throughout the entire webinar
2. Record your attendance three times within hour

For more information, visit our event page at

We invite all of you to join us in this remarkable journey towards a sustainable future at "The Solar Revolution: Igniting Youth Entrepreneurship and Careers in Sustainable Energy." Together, let's harness the power of the sun and drive change towards a greener, brighter tomorrow. We look forward to your active participation on 16th October 2023, from 02:00 PM to 03:00 PM. Let's make a difference together!

Sincerely,

Anuj Sharma

ACAD-DI-59	One Page Activity Report	Academic Year: 2023-24
Rev : 00		Semester: ODD
Date: 11-7-2022		

- **Faculty Name** – Prof. Rupali S. Gaikwad
- **Date** –16/10/2023 Timing 04.00 PM – 5.30 PM
- **Planned Activity** – Webinar on “The Solar Revolution: Igniting Youth Entrepreneurship and Careers in Sustainable Energy”
- **Speaker** - Mr. Pratik Joshi (Phd) Working in energy policy with a particular focus on solar PV energy at IIT Bombay
- **No. of Participants** -
- **Permission from Authorities** – Prof. Ulhaskumar Patil (HOD Mechanical)
- **Implementation Details** – Ensuring universal access to affordable electricity by 2030 means investing in clean energy sources such as solar, wind and thermal. Expanding infrastructure and upgrading technology to provide clean energy in all developing countries is a crucial goal that can both encourage growth and help the environment.
- **Issues** – No
- **Conclusion** – Sustainable energy is derived from resources that can maintain current operations without jeopardizing the energy needs or climate of future generations. The most popular sources of sustainable energy, including wind, solar and hydropower, are also renewable.
- **Attendance & Feedback Report**- Attached

History and evolution of solar energy technology

- **Application in Space:**
 - US Navy's earth-orbiting satellite Vanguard1 in 1958
 - Six 5x5cm square cells of 1 Watt with 10% efficiency at 28°C were used. [1]
- **First Oil Crisis**
 - 1973 Oil Embargo
 - Yom Kippur War
 - Scarcity of oil and price shocks
 - Many countries expanded their governance structure.
- **Kyoto Protocol, 1997**
 - an international treaty for reducing greenhouse gas concentrations
 - 192 parties ratified
 - based on common yet differentiated responsibilities
- **Accidents at Nuclear Power plants**
 - Chernobyl (1986)
 - Fukushima (2011)

Department of Mechanical Engineering

Key Highlights of the Event:

1. **Expert Speakers:** Hear from industry experts and thought leaders who will share insights into the solar energy industry, its growth potential, and the career opportunities it offers.
2. **Interactive Workshops:** Engage in hands-on workshops that will equip you with practical skills and knowledge in solar energy technologies and entrepreneurship.
3. **Networking Opportunities:** Connect with like-minded individuals, potential mentors, and employers in the renewable energy field.
4. **Career Guidance:** Get guidance on educational pathways, scholarships, and internships in the sustainable energy sector.
5. **Start-up Pitch Competition:** Have a sustainable energy business idea? Participate in our pitch competition for a chance to win seed funding and mentorship.

The screenshot shows a Microsoft Teams meeting interface. The main content is a presentation slide titled "Solar Panels Hierarchy" which illustrates the assembly of solar panels from individual cells to a full array. The slide includes a diagram showing the progression from a single cell to a module, then to a string, and finally to a parallel array. Labels include "Busbars", "Fingers", "Module Cells in series", "String Modules in series", and "Array Strings in parallel". Below the diagram are three images: a close-up of a solar panel grid, a close-up of the electrical wiring on a panel, and a wide shot of a solar farm.

On the right side of the Teams window, there is a "Participants" list with the following names and initials:

- Pratik Joshi
- Prankit TUM
- Rohit TUM
- ROHIT MO
- Naitika Du
- Santosh Su
- Vachani P
- Guests: Aasavari kadbhane, Abhay Patil, Abhishek Patil, Aditya Bangar, Akshata halde, Amruta satavi, Anikta Tivare, Anuj TUM Be Environment, Anurag Marje

The Windows taskbar at the bottom shows the system tray with a temperature of 35°C, a search bar, and various application icons.

Invitation Letter

To,

Mr. Pratik Joshi (Phd)

Solar PV energy,

IIT Bombay.

Subject: Invitation as Speaker on the topic “**The Solar Revolution: Igniting Youth Entrepreneurship and Careers in Sustainable Energy**”

Dear Sir,

Vishwatmak Jangli Maharaj Ashram Trust's, Atma Malik Institute of Technology and Research is an engineering institute, approved by AICTE New Delhi, recognized by DTE, Maharashtra State & affiliated to University of Mumbai. We offer undergraduate courses in Civil Engineering, Computer Engineering, ExTc Engineering and Mechanical Engineering.

With a view to create awareness amongst our students about the recent technological developments, we invite experts to deliver lectures in our institute.

We would like to invite you as a Speaker to address our students on the topic “**The Solar Revolution: Igniting Youth Entrepreneurship and Careers in Sustainable Energy**”

You are requested to convey a convenient date and time.

Thanking You,

Dr. D. D. Shinde

Thanking Letter

To,

Mr. Pratik Joshi (Phd)

Solar PV energy,

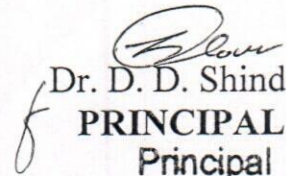

IIT Bombay.

Respected Sir,

I am thankful to you for sharing your knowledge and wisdom with the Engineering & Diploma students of Atma Malik Institute of Technology and Research, during expert talk on the topic “The Solar Revolution: Igniting Youth Entrepreneurship and Careers in Sustainable Energy” on 16th October 2023. I seek your co-operation for delivering a few more lectures and guiding our students on the topics of your expertise in the future, which will definitely be a learning opportunity for our students.

With warm regards,

Dr. D. D. Shinde

- **Date of activity: 19 Oct. 2023**
- **Name and contact details of resource person:**
Mr. Abhishek Khichar - 9654544332
- **Name of Faculty coordinator: Prof. Tejaswini Nehe**
- **Activity Details (with photos):**

The Department of Engineering Sciences and Humanities, Atma Malik Institute of Technology and Research, Shahapur organized an online session on "Intellectual Property awareness", Mr. Abhishek Khichar, Examiner of Patents & Designs Mumbai Patent Office DPIIT, Ministry of Commerce & Industry Govt. of India was the key speaker of the program. Mr. Abhishek Khichar delivered a session on awareness of Intellectual Property.

The session included talks on importance of IPRs and their protection, Patenting procedures and patent informatics, patent searches, role of innovation and invention in the academia-industry collaborations, trademark and copyright protection, issues of do's and don'ts for a researcher in the context of publishing and patenting.

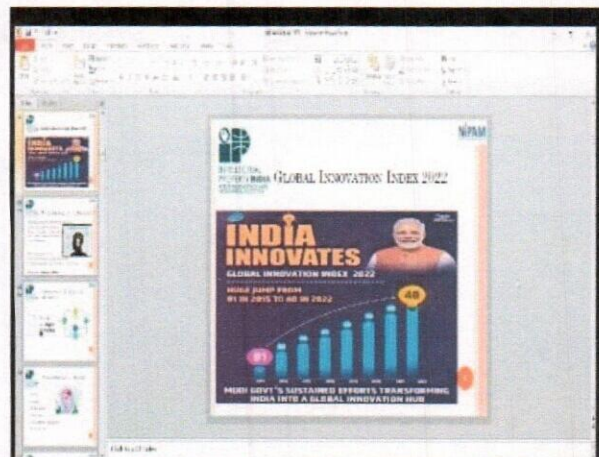

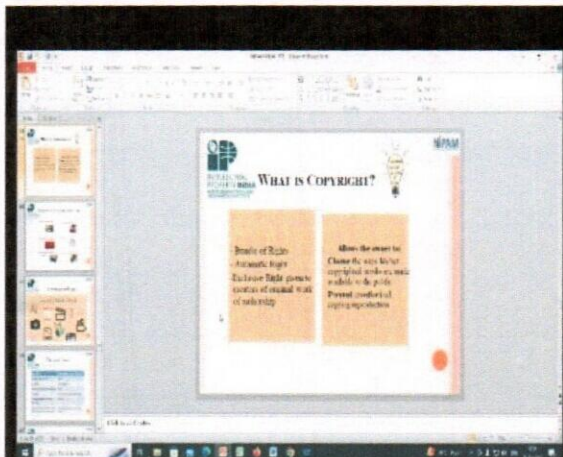

The session ended with hearty thanks to Mr. Abhishek Khichar by Prof. Tejaswini Nehe.

The Department of Engineering Sciences and Humanities, Atma Malik Institute of Technology and Research, Shahapur organized a guest lecture on "Soft Skills and Aptitude", Prof. Hemant Sonawane, Assistant Professor, AMRIT was the key speaker of the program. Prof. Hemant Sonawane discussed the importance of communication and narrated his experiences during student days. Prof. Hemant Sonawane, discussing 'Soft Skills' He also discussed his tough interview process for getting the job in the industry. He emphasized the importance of Flexibility and Adaptability, Problem solving and Interpersonal skills. He advised the students to focus more and gain knowledge, skills in subjects like Python Programming, Java and Design Analysis which are playing a significant role in solving different real time issues.

Expert Session on "Digital VLSI"

All the Students of Electronics & Telecommunication Engineering Department are hereby informed that our department is organizing an expert session on "VLSI Design Flow and its Practical Exploration using Microwind Software" on 16th September 2023, at 07.00pm-09.00pm in online mode.

Objectives of the Expert session:

1. To enhance their subject knowledge by understanding advances in the field of VLSI.
2. To understand the Microwind software for Stick diagram designing.

ACAD-DI-58	One Page Activity Report	Academic Year: 2023-24
Rev : 00		Semester: ODD
Date: 11-7-2022		

- **Name of Activity:** An Expert Session on “VLSI Design Flow and its Practical exploration using Microwind software” for students.
- **Date of activity:** 16/09/2023
- **Name and contact details of resource person:** Prof. Sushnat Gawade, UCOE.
- **Name of Faculty coordinator:** Prof. Nisha Shelar, AMRIT.
- **Activity Objectives:**
 1. To enhance their subject knowledge by understanding advances in the field of DVLSI design.
 2. To understand the Microwind software.
- **Activity Outcomes:** This session has helped our students enhance their subject knowledge.
- **Activity Details:**

Department of Electronics and Telecommunications Engineering have successfully organized an Expert Session on “VLSI Design Flow and its Practical exploration using Microwind software” Conducted by Prof. Sushant Gawade, Asst. Professor at Universal College of Engineering, and Vasai on 16th September 2023 in online mode.

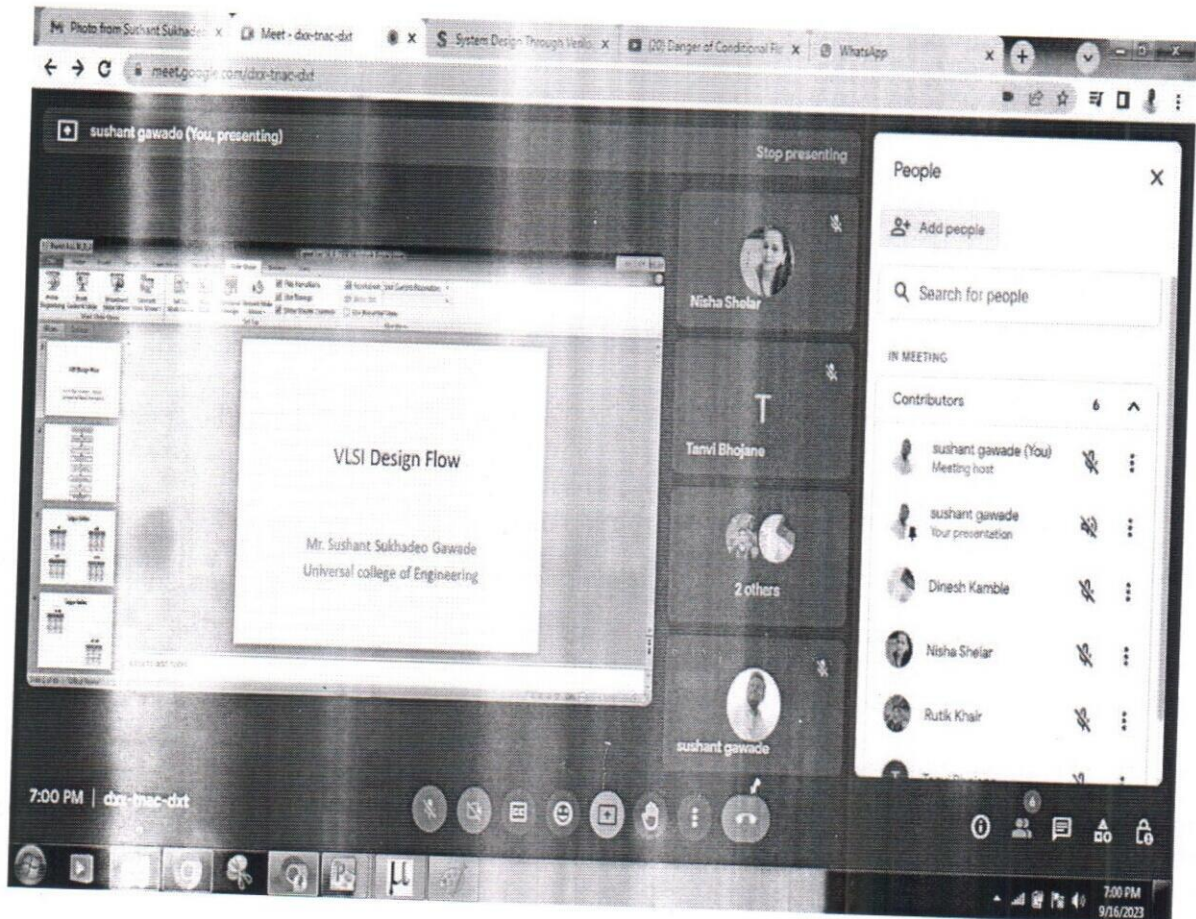

Prof. Sushant Gawade highlighted the use of Microwind software for designing of different circuit. Sir explained the concept of Design flow from the basic till complex level. The session was interactive till the end and sir has resolved queries from students as well.

Assistant Professor,
UCOE, Kaman, Vasai.

Respected Sir,

Greetings from Atma Malik Institute of Technology & Research!

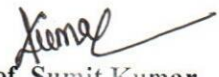

On behalf of the Institution, I would like to thank you and convey our sincere gratitude for being the resource person for the expert session on “VLSI Design Flow and its Practical exploration using Microwind softawre”, 16th September 2023, organized by the Department of Electronics & Telecommunication Engineering, under the guidance of IQAC cell, AMRIT.

We sincerely appreciate you for sparing time for us to deliver expert sessions for the skill development of our aspiring engineering graduates.

Your sessions have earned huge positive response from our students.

We look forward to collaborate with you for future projects in the benefit of our students.

Thanks & Regards,

Prof. Sumit Kumar

Subject: Invitation as a Resource Person for the Expert Session

Respected Sir,

We have planned an expert session on “VLSI Design Flow and its Practical Exploration using Microwind softawre” for our students. Your expertise in the field of VLSI is known well.

Therefore on behalf of Atma Malik Institute of Technology & Research, we would like to invite you as a resource person.

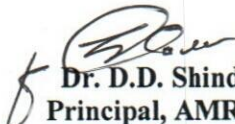

Our Institute is approved by AICTE New Delhi, recognized by DTE, Maharashtra State & affiliated to University of Mumbai & running four years courses in Electronics & Telecommunication Engineering, Computer Engineering, Civil Engineering & Mechanical Engineering.

Kindly accept our invitation and provide us your valuable time and date.

Thanking You,

Prof. Sumit Kumar
HOD, EXTC Engineering
