ACTIVITY Report

Agenda: NSS Activity: Celebration of azadi ka amrit mahotsav(meri mati mera desh)

Objectives: It is a tribute to the 'Veers' and 'Veeranganas' who have made the supreme sacrifice for the country.

Outcome: Encourage to work for the nation.

Speaker: Mr. Ulhaskumar Patil

Venue: AMRIT, Mohili-Aghai

Date : 01/08/2023

No. of Volunteers: 80

Valedictory function:

The valedictory function of 80 NSS volunteers participating in the campaign was held at AMRIT. NSS Coordinator, Prof. Dattatraya R Patil presented the guidelines for the campaign. Prof. Ulhaskumar Patil inaugurated the function. He motivated the students to work for the betterment of society. He take a pledged as follows with students:

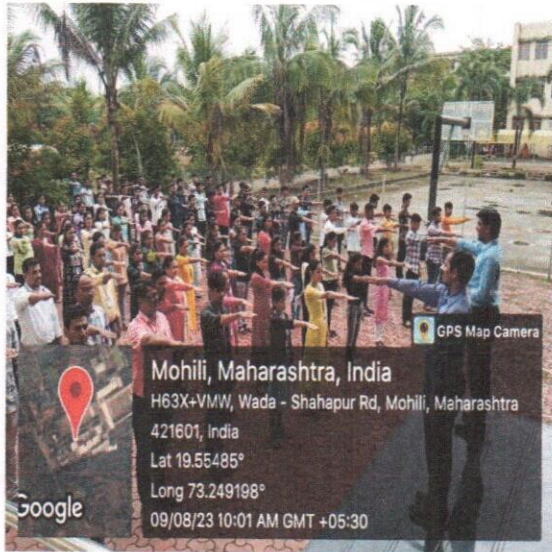

We Pledge to:

1. Make India developed and self-reliant by 2047.
2. Remove any trace of colonial mindset.
3. Celebrate our heritage.
4. Strengthen unity and respect those who protect the country.
5. Perform the duties of a citizen.

Dr. D. D. Shinde, Principal AMRIT motivated students. He Said that the "Meri Maati Mera Desh" envisions a unified celebration of India's soil and valor, commemorating the nation's journey of freedom and progress. By connecting with the land and honoring our heroes, this program will instill a sense of national pride and inspire future generations to protect India's cherished heritage.

ACAD-DI-58	One Page Activity Report	Academic Year: 2023-24
Rev : 00		Semester: ODD
Date: 11-7-2022		

- **Name of Activity:** Report on “Diwali Celebration in AMRIT campus”
- **Date of activity:** 4/11/2023 & 9/11/2023
- **Name of Faculty coordinator:** Prof. Pooja Shinde, Cultural Member, AMRIT.
- **Activity Objectives:** To promote inclusive environment in the campus
- **Activity Details:**

Festivals bring happiness, faith, devotion, and a sense of unity to everyone. So, on the occasion of Diwali Atma Malik Institute of Research and technology have organized Dipostav-2023 on 1st- 4th Nov 2023 & 9th Nov 2023. The celebration started by welcoming of all the dignitaries & offering prayers and Pratima Pujan by Executive President Shri. Umesh Jadhav sir. Everyone was dressed in traditional dresses and groomed exquisitely. All the bright-colored fabrics made the event appealing. Students from Atma Malik School performed dance performances and Rangoli competition was held for students. The winners were awarded by the prizes. Fort making competition, Diya making, Lantern making competition was held. And winners were awarded with prizes. Diwali Gift were distributed to all faculties.

Rev : 00		Semester: ODD

- **Name of Activity:** Janmashtami Celebration
- **Date of activity:** 7th September 2023
- **Venue:** C-wing building Ground
- **Program coordinator:** Cultural Team
- **Activity Details (with photos):**

To seek the blessings of Lord Krishna, Janmashtami was celebrated at Atma Malik Institute of Technology and Research on 7th August, 2019, with mirth and joy. The fragrance of flowers, the soothing aroma of camphor, and the jingle of bells filled the air. While this religious significance is not lost, this day signifies a lot more to modern India. It signifies excitement, euphoria, and a joyous spirit of enthrallment. It brought devotion, creativity, enjoyment, and fun all together. Ms. Pooja Shinde and cultural team coordinated the event. Students, along with faculty members, do worship of Lord Krishna. The celebration began by offering homage full of devotion to Lord Krishna through Shri Krishna Aarti by Executive President Umesh Jadhav sir, Pricipal D.D.Shinde sir, all HODs and Faculty of School, Engineering, Junior college, and all students. On this occasion, "Dahi handi" and "Ras-Garba" programmes were organized by engineering students

Academic Year-2023-24

Title of Activity: Medical Health Check-up & Blood Donation Camp

Date of Activity: 16/09/2023

ACTIVITY Report

Blood Donation Camp

Agenda: NSS Activity: Blood donation camp

Objectives: The camp aimed to achieve the following objectives: To ensure a steady supply of blood for emergency situations in hospitals. To create awareness among people about the importance of donating blood. To encourage young people to donate blood and make it a regular habit.

Outcome: Blood can save millions of lives, and young people are the hope and future of a safe blood supply in the world. Blood transfusion is crucial for health care systems, which contributes to rise in life expectancy and quality of life of people experiencing acute critical illness or chronic diseases.

Venue: AMRIT, Mohili-Aghai

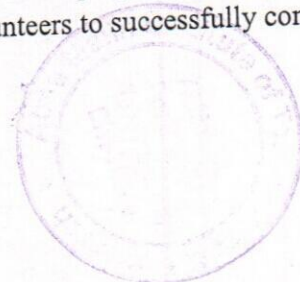

Date: 16/09/2023

No. of Volunteers: 100

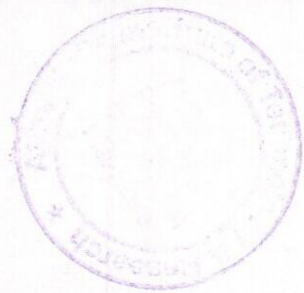

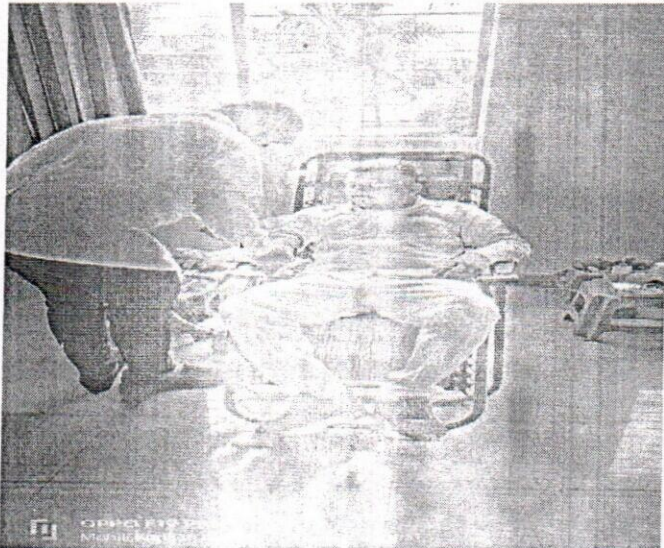

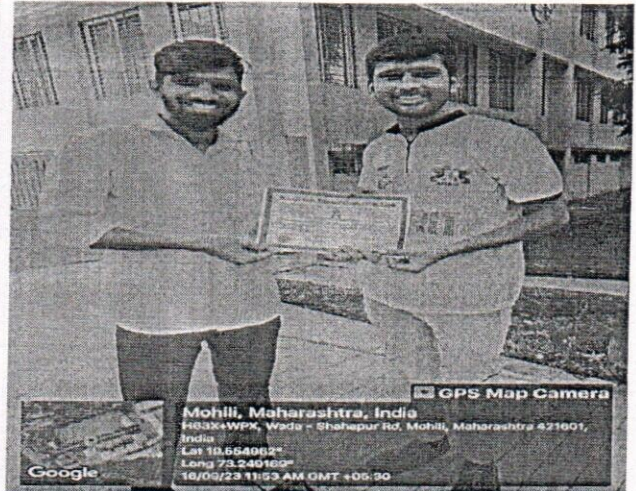

Valedictory function:

The valedictory function of 100 NSS volunteers participating in the campaign was held at AMRIT. NSS Coordinator, Prof. Puja Shinde and Prof. Deepak Baviskar presented the guidelines for the campaign. Students did awareness of blood donation camp residential people as well as villagers. Also did an online publicity of blood donation camp and motivates people to donate blood for helping people experiencing acute critical illness or chronic diseases. There are 80 people who encourage blood donation but some of their medical issues out of 80 people 50 people successfully donate their blood. There are some students as well as faculty who also donate blood.

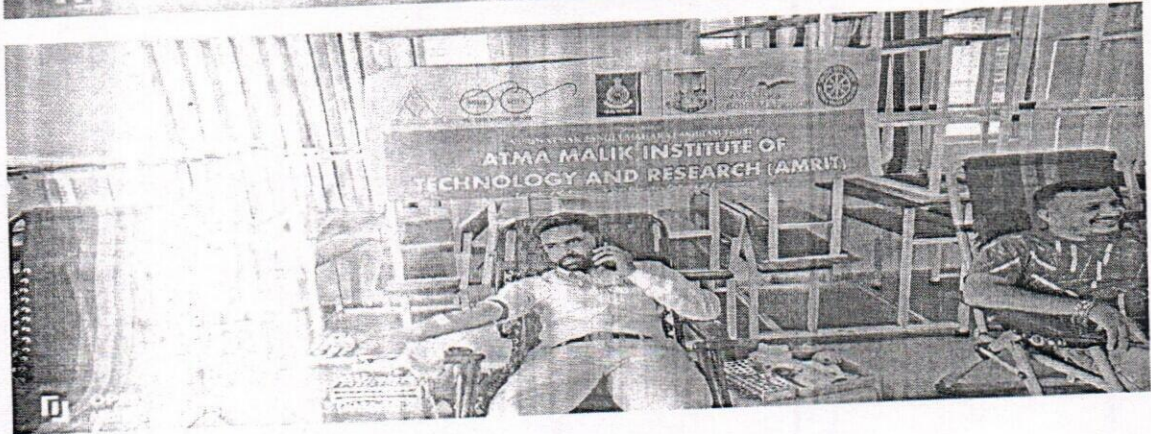

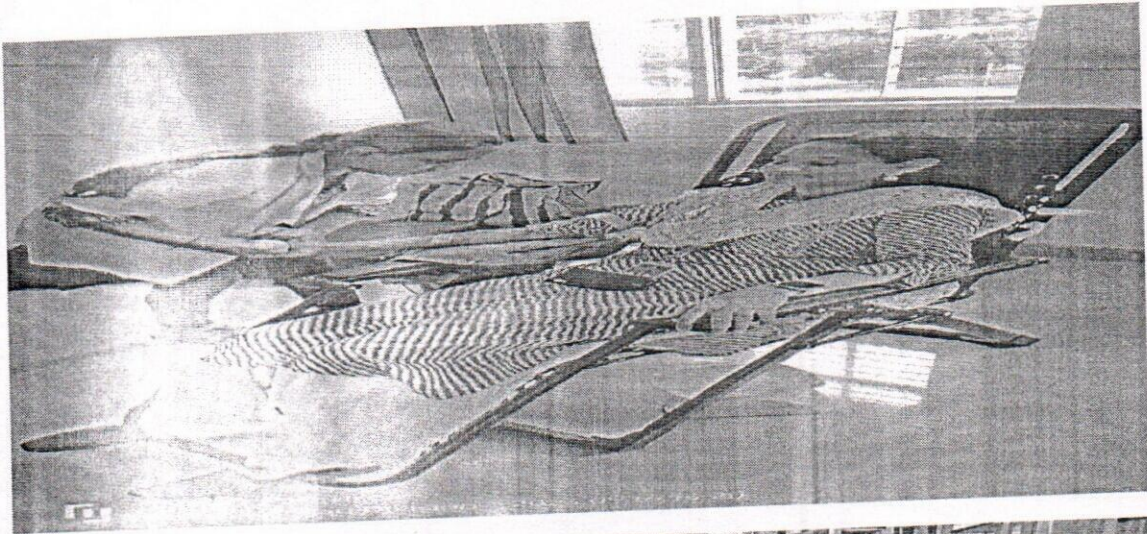

Dr. D. D. Shinde, Principal AMRIT motivated and appreciated the efforts of the volunteers who participated in various activities undertaken during the campaign. Hon. Executive President Mr. Umeshji Jadhav sir guided and congratulated the volunteers to successfully complete this camp.

INTRODUCTION

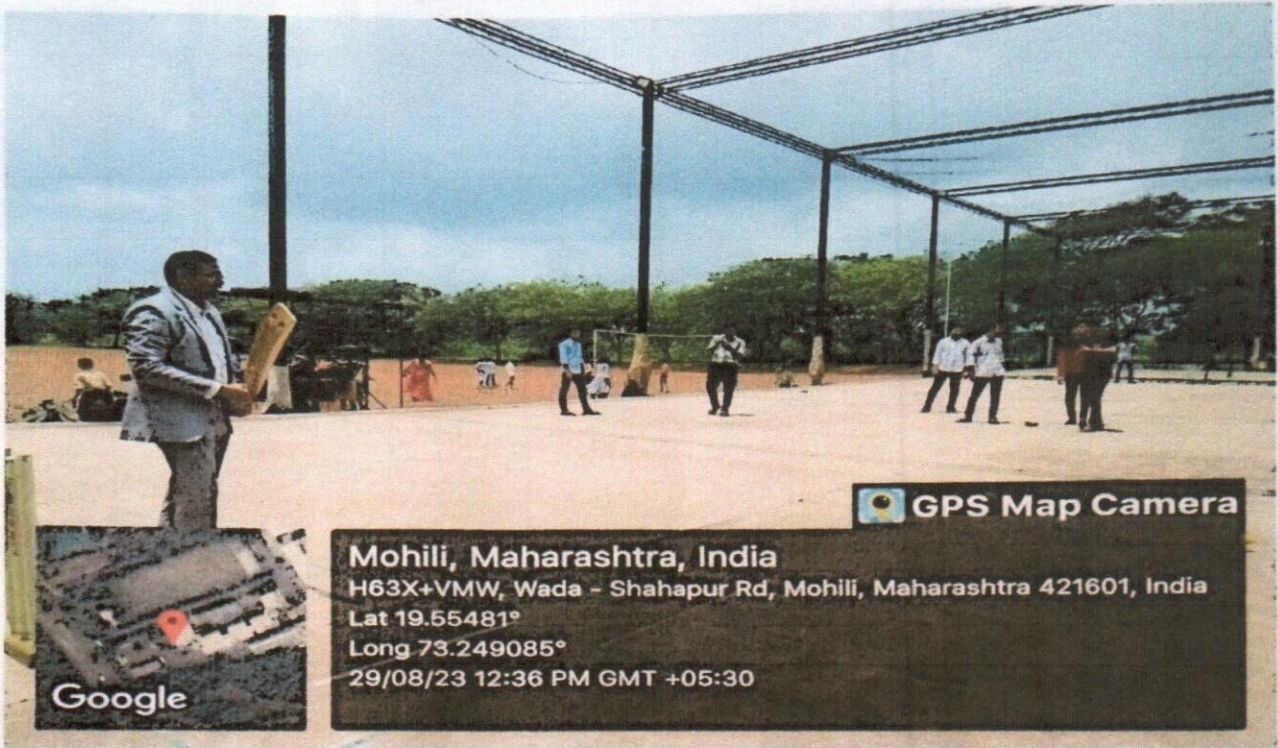

The National Sports Day of India was celebrated in Hindustan International School, Karapakkam in Tribute to the legendary hockey player Major Dhyan Chand. The students were told about the importance of 'Sports' and the relevance of National Sports Day during the Assembly. The day marks the birth anniversary of hockey wizard, Major Dhyan Chand. He was born on 29th August, 1905 at Allahbad. In the year 1926, he was selected for the Indian Hockey Team for the tour of New Zealand & won many medals for our country.

On this occasion, all the students from Engineering and Diploma participated in various sports activities with great enthusiasm and zeal. The little ones had fun while indulging in different events like playing Box Cricket, Carrom, Ludo etc. The students learnt a lot about true sportsmanship and the value of playing games. Students were seen playing with true team spirit and the celebration of National Sports Day echoed in the corridors and fields.

Department of Mechanical Engineering

INTRODUCTION:

Fire safety is the set of practices intended to reduce the destruction caused by fire. Fire safety measures include those that are intended to prevent ignition of an uncontrolled fire, and those that are used to limit the development and effects of a fire after it starts. Fire safety measures include those that are planned during the construction of a building or implemented in structures that are already standing, and those that are taught to occupants of the building. Threats to fire safety are commonly referred to as fire hazards. A fire hazard may include a situation that increases the likelihood of a fire or may impede escape in the event a fire occurs. Fire safety is often a component of building safety. Sir explained many points like the fire triangle, causes of fire, stages of fighting fire, classification of fire, types of fire extinguishers, means of quick escapes and rescues etc.

The staff/employees should have a working knowledge of basic fire science and chemistry. A fire, or combustion, is a chemical reaction. An understanding of the chemical reaction is the basis for preventing fires, as well as extinguishing fires once they initiate. A working knowledge of basic fire science and chemistry is essential for developing and implementing a successful fire safety program.

Department of Mechanical Engineering

If you discover fire; DO NOT PANIC, BE CALM BUT ACT SERIOUSLY

CLASSES OF FIRE:

Fires are classified based upon the type of fuel that is consumed. Fires are classified into categories so personnel can quickly choose appropriate extinguishing agents for the expected fire and associated hazards. Fires are classified into five general classes. Each class is based on the type of fuel and the agents used in extinguishment. The five classes of fire are described next:

Class A—fires involving ordinary combustibles, such as paper, trash, some plastics, wood and cloth. A rule of thumb is if it leaves an ash behind, it is a Class A fire.

Class B—fires involving flammable gases or liquids, such as propane, oil and gasoline.

Class C—fires involving energized electrical components.

Class D—fires involving metal. A rule of thumb is if the name of the metal ends with the letters "um," it is a Class D fire. Examples of this are aluminium, magnesium, beryllium and sodium. Class D fires rarely occur in the roofing industry.

Class K—fires involving vegetable or animal cooking oils or fats; common in commercial cooking operations using deepfat fryers.

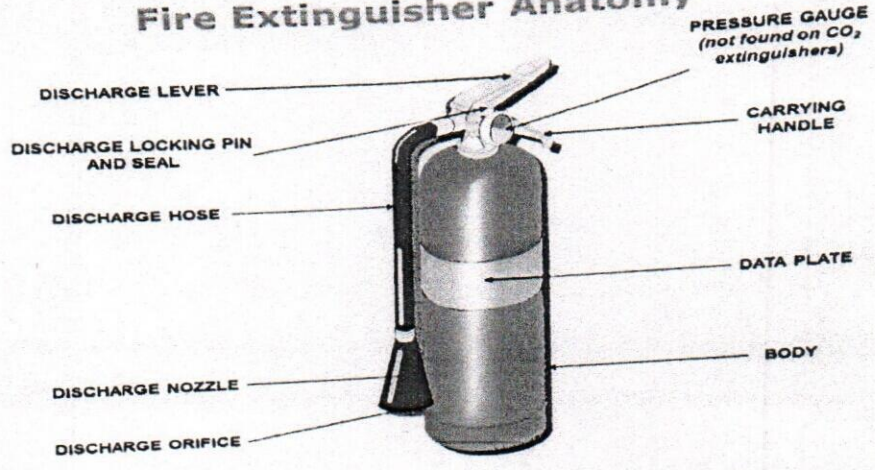

Expert Lecture on "Fire Safety Awareness" on 28th August 2023

Fire Extinguisher Anatomy

Remember this easy acronym when using an extinguisher - P.A.S.S.

Pull the pin.

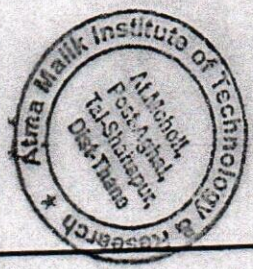

Aim the nozzle.

Squeeze the handle.

Sweep side to side at the base of the fire.

Department of Mechanical Engineering

CONCLUSION:

Fire awareness and understanding practical fire safety is a life skill. Being able to recognise fire hazards, deal with emergency scenarios and act in a way that reduces danger and risk can save lives.

We are very thankful to our Head of Department for such giving a good support as well as we are also special thankful to our President sir and Principal Sir that he was continuously guiding and supporting to us.

We are also thankful the people who gives direct and indirect support to make successful Seminar. The students are very enthusiastic to learn the Fire awareness and deal with emergency scenarios and act in a way that reduces danger and risk can save lives.

VISIT REPORT ON:

" OLD AGE HOME – MATOSHREE VRUDHASHRAM "

VISIT TO OLD AGE HOME INTRODUCTION:

As part of curriculum colleges planned and organized visit to old age home at Khadavali for students under the guidance of faculty as below.

AIMS OF VISIT:

- To know the how service and facilities provided to them.
- To make them feel special.
- To make them happy and bring smile on their face.

OLD AGE HOME:

“Old age home is a multi-residence housing facility intended for senior citizen.”

INTRODUCTION:

We reached their along with all the team members on 21 August 2023 at 10:00 am. Firstly, we gathered in the meeting hall where the sister of institution gave introduction about the institution organization and facilities rendered by them. Later on, she gave us the orientation of institution and introduced us to their members. There were 89 elderly men & women in old age home. The students of the college interacted beat the elderly followed by an entertainment program with music action songs and dance. The inmates were very happy and blessed everyone. It was a joyous occasion with full of satisfaction that the team could bring some rays of happiness among the elderly. It was a pleasure witnessing of such wonderful work i.e. unconditional services.

Date- 21st Aug 2023

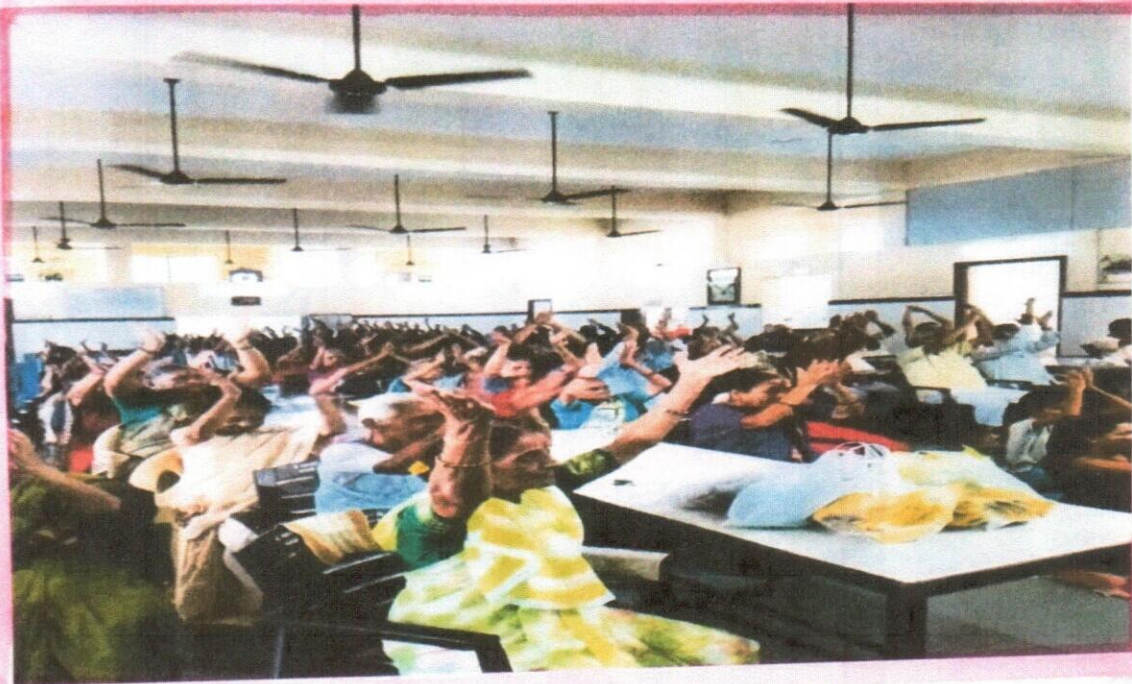

OBJECTIVES OF OLD AGE HOME

- To promote self-confidence.
- To provide medical care to improve the health
- To provide companionship, emotional support, therapeutic occupation and recreational facilities, and activities to overcome social isolation.

SPECIAL CARE TO OLD AGE PEOPLE BY GIVING- "Respect, love and affections"

Date- 21 Aug 2023 - At matshree Vrudhasram

CONCLUSION- By visiting old age home we gained knowledge about the feelings of the oldest services and facilities provided to them & how the old age home is maintained.
